

RISK ASSESSMENT – ROLLIN' GAMES MOBILE GAMING TRAILER

1. ACTIVITY OVERVIEW

Activity: Rollin' Games – Mobile Gaming Trailer

Purpose: Entertainment and educational use at schools and vacation care centres

Location: Variable (school car parks, playgrounds, or event grounds)

Duration: Typically 1–3 hours per session

Supervision: Rollin' Games staff (minimum 2) + school/vacation care staff

2. HAZARDS AND RISK CONTROLS

Hazard	Potential Risk	Who Might Be Harmed	Initial Risk	Control Measures	Residual Risk
Trailer movement during setup	Collision or injury during parking or levelling	Staff, students, pedestrians	High	Conduct site induction; restrict access during setup; use wheel chocks; trained driver only	Low
Electrical supply	Electric shock or fire from faulty leads	Staff, students	Medium	Test and tag all leads; RCD protection; use weatherproof connections; avoid overloading circuits	Low
Trip hazards (cables, ramps)	Slips, trips, or falls	Participants, staff	Medium	Secure and tape cables; mark ramps with visible tape; supervise entry and exit points	Low
Heat buildup inside trailer	Heat stress or dehydration	Participants	Medium	Maintain ventilation; ensure air conditioning operational; monitor internal temperature	Low
Lighting and visual stimulation	Eyestrain or photosensitive reaction	Participants with sensitivities	Medium	Provide warnings; limit continuous screen exposure; schedule rest breaks every 30–45 minutes	Low
Behavioural issues	Conflict or emotional distress from overexcitement or competition	Participants	Medium	Monitor behaviour; implement fair play and turn-taking; staff to intervene when needed	Low
Noise levels	Hearing discomfort	Participants, staff	Low	Maintain moderate audio volume; keep external doors closed where practical	Low
Power outage or technical failure	Panic, disorder, or electrical hazards	Participants, staff	Medium	Provide emergency lighting; ensure staff trained to manage safe shutdown and evacuation	Low

Hazard	Potential Risk	Who Might Be Harmed	Initial Risk	Control Measures	Residual Risk
Weather conditions (heat, rain, wind)	Unsafe environment or potential equipment damage	Staff, participants	Medium	Avoid operation in severe weather; use covered or stable surfaces; secure all equipment	Low
Hygiene/COVID risks	Spread of illness through shared controllers or seating	Participants, staff	Medium	Sanitize controllers and seating between groups; provide sanitizer; limit group size	Low

3. EMERGENCY PROCEDURES

- First Aid: Provided by venue or Rollin' Games certified staff.
- Emergency Contact: Rollin' Games Supervisor (mobile provided per booking).
- Evacuation Plan: Follow venue evacuation route; trailer remains stationary unless instructed otherwise.
- Incident Reporting: All incidents are logged using Rollin' Games Incident Report Form and shared with venue management.

4. STAFF COMPETENCIES

- All operators hold current Working With Children Checks (WWCC).
- Staff trained in trailer setup, electrical safety, and first aid.
- Risk and safety briefing conducted before every session.

5. REVIEW AND APPROVAL

Prepared by: Monique Annetts – Event Manager

Reviewed by: Rollin' Games Supervisor

Date: 24 October 2025

Next Review: October 2026 or after any incident.

6. RISK MATRIX

Likelihood	Consequence	Risk Level
Rare	Insignificant/Minor	Low
Unlikely	Moderate	Medium
Possible	Major	High
Likely	Severe	Extreme
